Fisher Property Solutions

Consultants to the property sector

Fisher Property Solutions is a specialist consultancy with particular expertise in raising finance for residential property development. We are able to raise Equity, Mezzanine and total funding for suitable projects.

Fisher Property Solutions has the resources to partner small development companies where a joint venture financial party is needed to implement a project.

We also offer advice to lenders who seek solutions where loans become non-performing on either residential or commercial property. We can also undertake LPA Receivership appointments.

Our principle aim is to contribute to the security and prosperity of our clients.

Headed up by chartered surveyor Philip Clarke, the consultancy also advises on any property matter associated with acquisitions, disposals, finance and management of residential and commercial investment property.

Fisher Property Solutions

Consultants to the property sector

Philip Clarke - Managing Director

Philip Clarke is a chartered surveyor and head of Fisher Property Solutions Limited. He specialises in advising clients on investment, finance and development. In his early career, Philip worked for Samuel Properties and Hunting Gate. Philip subsequently set up his own property consultancy company, which later merged to become Fisher Property Solutions.

Michael Shulman - Chairman

Michael Shulman is a Chartered Accountant. Michael obtained valuable experience in a public company where he rose to Managing Director of one of the operating subsidiaries and eventually became Group Company Secretary. Over the last thirty years Michael has bought, managed and sold a number of businesses and some twenty years ago formed a corporate finance boutique specialising in the sale of SME businesses. In recent years Michael has invested in a number of property transactions.

Anthony Bernstein - Director

Anthony Bernstein is a private client tax partner at HW Fisher & Company Chartered Accountants. He has lengthy experience of advising property investors and developers, and also personally invests in projects.

Paul Beer - Director

Paul Beer is the senior partner at HW Fisher & Company Chartered Accountants. He maintains strong relationships with a number of the firm's long-standing clients, and has a considerable interest in the development of new, entrepreneurial businesses. He has assisted with the launch of many ventures that have gone on to become substantial companies. Paul also has interests in a number of property investment and development companies.

Michael Cowen - Financial Officer

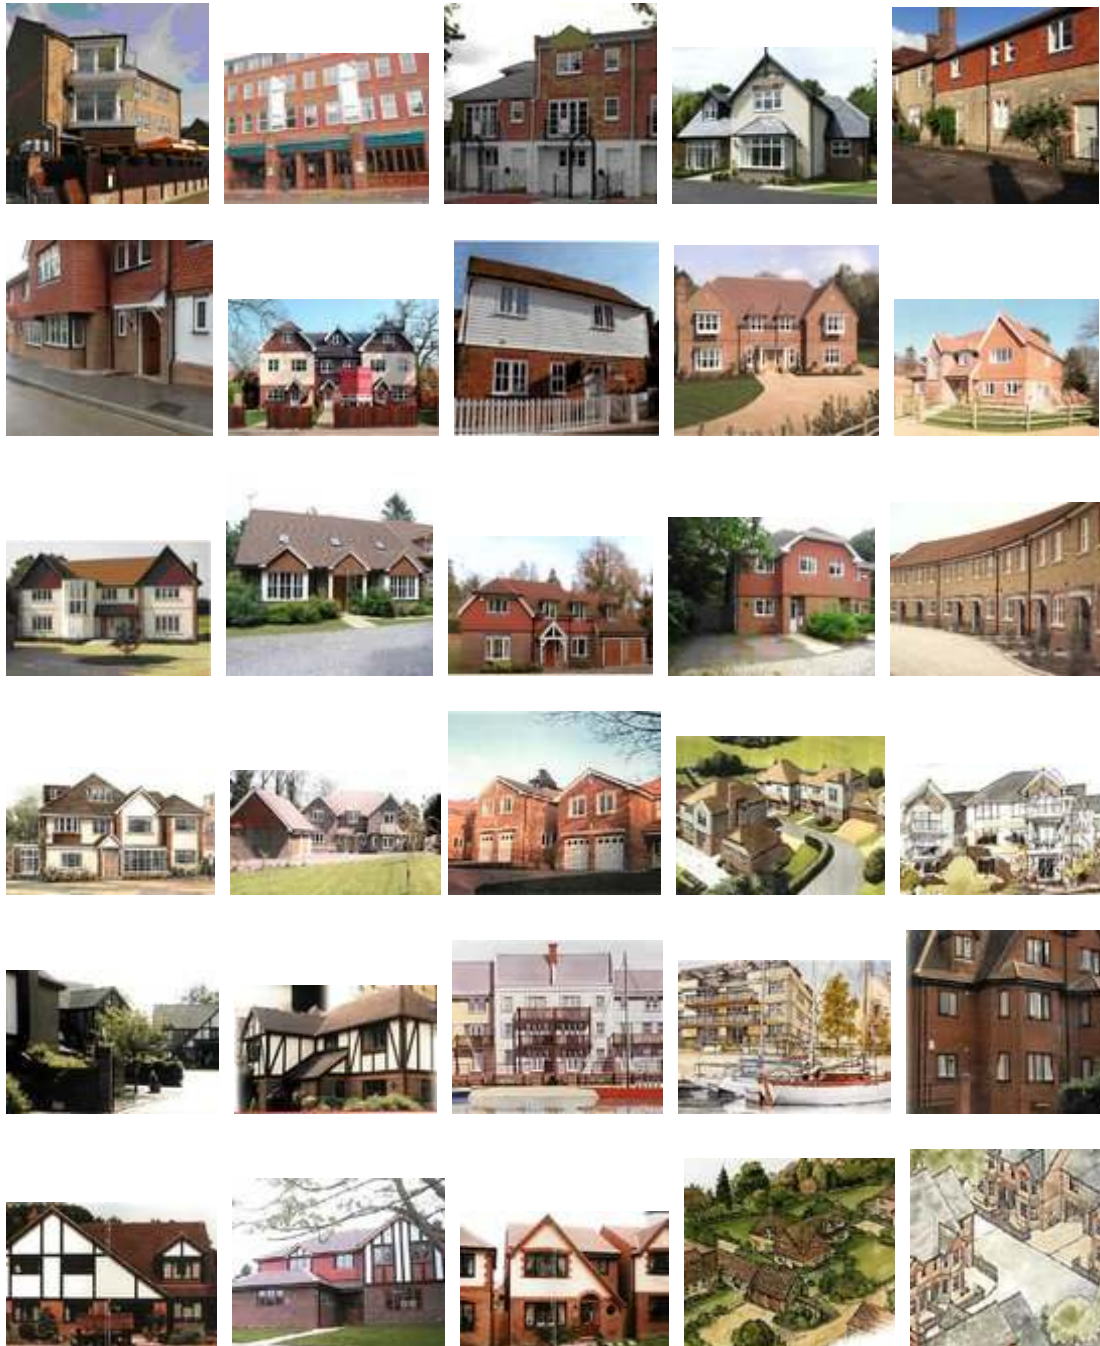

Michael Cowen is a certified accountant with over 20 years experience in the property industry encompassing residential and commercial, development and investment.

Fisher Property Solutions

Consultants to the property sector

We have brought together developers, investors and banks to enable dozens of developments become a reality, of which this is a selection.
